Subject: FW: 210 W Slauson - Bin Removal

Hello Michael and Rafael,

We are really frustrated with your lack of responsiveness regarding the soil bin. To summarize, we sent you the final data on the solids (including TCLP results) on May 7, 2019 and asked for a profile and a quote. You finally sent us a profile to sign until June 4th, after we informed you that they should not charge us daily rates for the bin rental any longer. We returned the signed profile on June 7th and have been contacting you on a regular basis since then. To date we have yet to receive a quote or any response to our repeated phone or email inquiries. We do not know if the landfill has accepted the material for disposal and have no idea what they want to charge us to get rid of the bin.

We are referring this to the EPA to see if they can get you guys to respond.

Brett Bowyer, P.G.

Michael and Rafael,

ED_012956_00001619-00004

We have been waiting for you to set up the so removal for too long. Please stop charging any daily rates on the bin until you can give us a schedule and cost. Also, we are asking g KVac to give us a bid and schedule for the drum removal.

Thanks.

Hi Javier and Michael,

Just following up to confirm Tuesday's pick up. I understand that United Rentals has been scheduled to pick up the containers on Tuesday morning. I talked to the neighbor from the 206 property and he is available to open the gate for us Tuesday morning at 8:00 AM.

On another note, could you please provide us with a quote for the non-RCRA waste in the nine (9) 55-gal drums and the red 20 yd roll-off bin? There are eight (8) 55-gal drums with solid waste, and one (1) with hydraulic oil. I will be following up with a phone call shortly.

Warm Regards,

Alan A. Malagon, MSE, EIT

Subject: 210 W Slauson - Tank Removal

Hi Javier and Michael,

The neighbor from the property 206 with the metal container will be on Site tomorrow to open the gate for us at 8:00 AM. I understand Clean Harbors will be on site to remove the Frac Tank and the white Metal container from the Site tomorrow. Could you confirm the plan/schedule for tomorrow?
